

The scoop on why we love our school is finally here. Find out on page 2!

Kalugina Gazette

BridgePrep Academy of Orange 5th Grade News

This week we are celebrating school choice week! What is school choice week, you ask?! We are celebrating that we have options of going to a school that specializes in our interests!

In the first issue our newspaper lets celebrate our contributors – the 5th Grade Class! Be ready for school-wide surveys and interviews next month.

Why in the world is this school week only 4 days long?!

Science Joke Column

Q: What does a cloud wear under his raincoat?

A: Thunderwear!

Q: What type of lightning likes to play sports?

A: Ball lightning!

Q: What type of cloud is so lazy, because it will never get up?

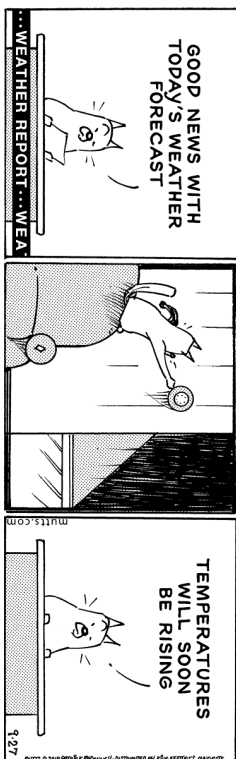

A: Fog!

Q: What did the lightning bolt say to the other lightning bolt?

A: You're shocking!

Q: Whatever happened to the cow that was lifted into the air by the tornado?

A: Udder disaster!

Martin Luther King Jr. Day

Why we have a day off on January 21st

Born on January 15, 1929, Martin Luther King Jr. Was a living legend! Martin's family served as pastors of the Ebenezer Baptist Church. The purpose we still celebrate MLK Jr. Day is to honor his sacrifice for African American independence. His speech (I have a dream), inspired all 250,000 U.S. men and women in Washington D.C. Sadly Martin was assassinated, but even alive or dead he's still with all people. By blood, and by pride. Martin Luther King Jr. Is still celebrated cause of the help he gave to end the Jim Crow law! Martin is always remembered from his speech. "I have a dream, that one day we'll rise up and live to full creed..."

Martin Luther King Jr. Is a relatively new federal Holiday. We celebrate it as a holiday because Martin Luther King Jr. Was a leader in the struggle against racial segregation and racism. His birthday was on January 15, 1929, that is why we celebrate it in January. Martin Luther King Jr. Is known as a legend.

Jayden Vasquez

Martin Luther King Jr. Was a living legend. Today we still celebrate his day. Martin Luther King Jr. Is a relatively new federal holiday and there are a few long standing traditions. It is as a day to promote equal rights for all Americans, regardless of their backgrounds. Some educational establishments mark the day by teaching their pupils or students about the work of Martin Luther King and the struggle against racial segregation and racism. In years federal legislation has encouraged Americans to give some of their time on this day as volunteers in citizen action groups.

Our Favorite Cafeteria Foods – Why should I eat school food??

We asked some of the students in our class what they think about the cafeteria food, and some students had favorite items. Keep reading to find out what they are.

I think salad is my favorite. Salad is good with ranch or other dressing, especially with tomatoes. I like it best with onion and with my favorite dressing – Italian. What is your favorite dressing?

- Joel Diaz

My favorite cafeteria food is peanut butter jelly, because I like the pie type and on wheat bread, and taste the jelly. Also I think it's good for lunch. My next lunch favorite is emoji ice, because they have ice. It has lemon and strawberry. It tastes cold and sour.

- Matthew Guambo

I like the banana bread because it's just the best. I also like snack and pizza sales because it only costs a dollar. I like fruits because they're healthy, and brownies because they have chocolate. Salad is good too.

- Roy Kelly

My favorite food from the cafeteria is ice cream, nachos with cheese, salad, chips, and more. In my opinion I like the ice cream because it has different flavors. I like nachos with cheese because the cheese is spicy. I like the salad because I usually like salads. I like chips because they taste good.

- Yanelis Ortiz

My favorite food from my school is pizza, nachos, salad, icecream, and more, but those are my favorite ones. I love pizza because it is good and you can put a lot of toppings in the pizza like pineapple, olives, more cheese, pepperoni, and more, but I like mine just cheese. I love nachos because you can put cheese and hot salsa or normal salsa. I'm a hot salsa person, because I'm Mexican and I can handle hot. I love salad because it's healthy for you and you can be healthy. I don't like ranch or cheddar cheese, I like mine plain. I love ice cream because it good and sweet and it's so good. I love this food from my school.

- Catheryn Avelar

TUE JAN 22		Mostly Cloudy	72/62°
WED JAN 23		PM Showers	78/56°
THU JAN 24		Partly Cloudy	65/47°
FRI JAN 25		Partly Cloudy	65/46°

School Choice Week

School choice week is a celebration of all of the schools we have in our county that we have access to. There are charter schools, public schools, private schools, as well as virtual school options. Parents can choose a schooling option that is best for their students. We asked students to contribute their opinions about our school. Here they are!

I love my school because you can learn many things like science, math, ELA, and Social Studies. Also, you could meet new friends and see if they have the same interests. Secondly I love my school because they make sure everyone gets an education. Another reason is we remember all of our memories because each memorie is something that makes us, us of course! Another reason I love my school is because they always expect alot of expectations from all of us students. They want us to have a bright future here and other places. Third, I love my school because when you be good you get a reward, and we get to go outside and have some fun. Last, I love my school because we have lots, that's why I love my school. We're BULLDOGS!!!

- James Smith

My favorite sport is soccer. I like reading. I like writing. I like lunch in the cafeteria. My favorite thing to do is during recess, and I like the library.

- Mariana Vargas

I love school because you can play and learn like math, reading, and more stuff. I love school because you can be responsible and make friends in school. You can learn how to be responsible and how to take care and also make a bright future. You can make good choices in your life, and make friends that can help you. My opinion is art, music, and math are the best thing in school. Also going outside.

- Samuel Roman

I love my school because we have science and pizza. We also have PE three times a week. My favorite subject is science because one time we got random items and used them to try to light up a bulb. Also we play basketball outside. Last year it almost took a whole year to make the basketball court. My first time going to step on that court and tried to shoot that ball I made it. That's why I like my school.

- Timothy Wood

Do you love your school? Well, from this school I like the PE because it's fun. I like the music class because we watch videos. The last thing I like is Art. We color and draw. That is why I like my school.

- William Vega

I love my school because I love Spanish class. It's fun and easy. I also love math class because it's easy, and it's fun even when it's hard. Science is fun and cool, so it's the best. Reading is medium, but easy too. „Sigh” Writing is the most important of all, and is the best too.

- Alan Ortiz

Opinion Corner

We had some students write in to share with us different positive opinions about school. This week we had 4 contributors.

Why is school important, you ask? School is important because you have to learn about subjects like math, reading, SS, and Science. Teachers want you to learn so that on the FSA you do well and can go to the next grade level. School is also important because sometimes it is fun. You should always get on time so that you don't miss anything!

- Ericelly Lorza

Classmates could be helpful at some point. They let you borrow stuff that you might not have, like sissors, pencils, glue, and more. They help you on bell work, even classwork . They might also help on homework. At recess they will play tag with you. They might defend you if you get into a fight.

- Yan Nieves Rivera

Friendship in the world is important. Have you ever had friendship in your class? Everybody needs friends in their life. When you're outside playing with friends that's friendship. In our class I have a lot of friends.

- Eduardo Contin

The computers are the things that help us learn more about things, like words. Computers are used to play games during inside recess, and are also for school work like I-Ready. It may not be fun, but it's good for you and your grades. All in all computers are a great way to learn.

- Aiden Pizarro
